

GREEN LAKE CLEAN-UP

TO HELP WILDLIFE

**SUNDAY, FEBRUARY 4
9:30 A.M.**

Abandoned fishing lines killed two owls last month alone. Please join us for a work party to clear abandoned fishing lines from Green Lake's shoreline and trees to prevent future wildlife deaths!

Where: North end of the parking lot adjacent to footpath, just north of Green Lake Crew House (5900 West Green Lake Way N, Seattle, WA 98103).

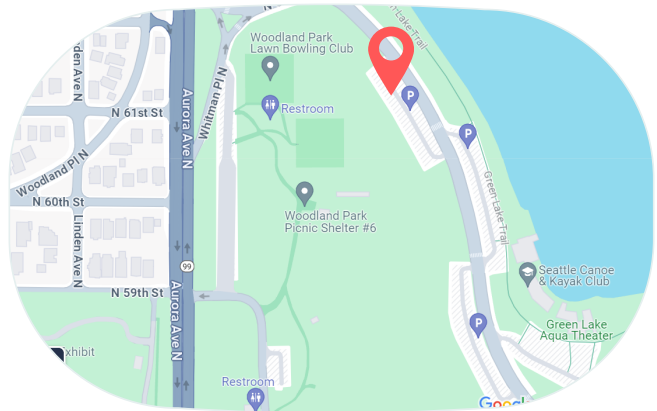

How: Teams will walk up shorelines and one team by boat to find and remove the fishing lines.

Bring: Please wear sturdy shoes, gloves, and winter weather clothing. We'll provide the tools for fishing line removal!

Questions: Email Rob Zisette (Friends of Green Lake) at rzisette@herrerainc.com.

RSVP: lu.ma/greenlakecleanup or scan the QR code here!

(please note that space is limited due to the limited number of tools available.)
